# Technical Tour Lublin

- 11<sup>th</sup> September 2019, 10:00 – 13:00
- **Free tour** by electric bus, sign up here: <https://members.regionalstudies.org/lounge/Meetings/Meeting?ID=216>

Lublin is a dynamically developing city, a place for prosperity in modern industry. The purpose of the trip will be to show the most interesting effects of revitalization of degraded post-industrial areas affected by the restructuring of the industry, characterized by a special concentration of negative socio-economic phenomena. As a result of the implemented activities, these areas have become an integral part of the city landscape, gaining new economic functions. Neglected post-industrial districts have changed into modern service and production centres contributing to the image change of the city. A guided tour will include a visit to selected enterprises in the Special Economic Zone, former car producing factory, Airport Lublin, Science Park and new warehouses.

# Post Conference Tour to Cracow and Salt Mines of Wieliczka

- 14<sup>th</sup>-15<sup>th</sup> September 2019
- Price per person: 165 €
