Evaluation framework integrating results of thematic S3 approach

Dr Fatime Barbara Hegyi, Joint Research Center
Dr Ruslan Rakhmatullin, Joint Research Center

2018 Smarter conference on S3 and Territorial development
26-28 September 2018, Seville
Thematic S3 partnerships

- Advanced manufacturing
- Non-food Biomass
- Efficient and Sustainable Manufacturing
- 3D-Printing
- New Nano-Enabled Products
- Textile Innovation
- Medical technology
- Photonics

- Cybersecurity
- Social Economy
- Artificial Intelligence & Human Machine Interface
- Personalised medicine
- Chemicals
- SMEs to the industry 4.0
- Sport
- Digitalisation and Safety for Tourism

- High Tech Farming
- Traceability & Big Data
- Consumer Involvement in Agri-Food
- Nutritional Ingredients
- Smart Sensors 4 Agri-Food

- Bioenergy
- Marine Renewable Energy
- Smart Grids
- Sustainable Buildings
- Solar Energy

Thematic Partnership

Title of the Partnership

Start Date (start date of Your Partnership)

MONITORING PROGRESS REPORT

Reporting Period: from (start date of the Partnership) to June 2018

This Report is presented to the relevant Working/Steering Committee.
It contains three parts:

I. Management Report prepared by the Lead Region(s)
II. Progress Report prepared by the Lead Region(s)
III. Previous versions of the Progress Report; i.e., part II of past reporting periods

The report is a "cumulative" report, i.e., it is updated annually and covers the entire period of the Partnership.

Confidentially, the documents will be made available to the public via the Partnership’s web page except for chapter III (E: Self-evaluation).

Based on the monitoring results, the European Commission will decide on the following year’s support.
Assessing progress according to workflow phases

The Scoping Note has been developed and completed.

Mapping of Competencies: this phase has now been carried out and completed.

Matchmaking events were carried out.

Industry Cooperation (Matching of Business Opportunities) is competed.

Design of Projects is completed.

Business Plan: this phase is completed.

Funding Mix: this phase is completed.

Investment Project

Phase completed and regularly monitored

Assessment of sub-phases of the workflow

Mapping of Competencies: this phase has now been carried out and completed.

Regional capabilities and gap analysis carried out.

Analysis of connectivity within regional (and interregional) eco-system analysed.

Global Value Chain analysis carried out.

Engaging with the industry and its stakeholders on a continuous basis.

Responding to these challenges and opportunities in a proactive manner.

Assessing the challenges and opportunities that are likely to emerge from future industry trajectories.

Anticipating the likely evolution of the industry globally.
