14.30-16.30 **Technical tours** given by members of the local organising committee, these tours will offer a wide range of perspectives and academic discussions.

Option 1: The historic centre of the city – This tour will look at urban regeneration, heritagization and touristification of the old quarter; the implementation of the new buildings in the historic city (e.g. [CGAC](#), [Ánxel Casal Library](#))

Option 2: San Pedro neighbourhood – The controversies between the neighbours and the tourists; the urban transformations caused by the (re)invention of the Way of Saint James in the city; a gentrification process?

Option 3: University heritage buildings – which tourism use? How to manage the issues regarding the balance between students' and academic life, on the one hand, and tourists, on the other?

Option 4: Green infrastructure and the particular development of the notion of greenbelt in Santiago. The conflicts regarding several urban parks, especially in the Sar River environs, and the relationship of the city with its rural fringe.
